All the reports can be generated from the system and it can be loaded back to the system with signatures and stamps. Final documentation will be an easy task with automatic one click print tool with appropriate bookmarks to submit to the clients.

## ONE CLICK MDR

“Turns one month of MDR preparation work into just few days. Keeps track of the missing documents as the project progress.”

The inspection can be carried out and instantly the data can be captured with the tablet PC.

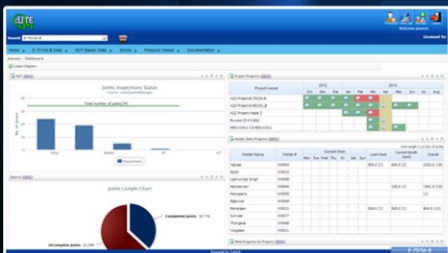

The reports can be generated immediately for signatures as the inspection completed.

Avoids unnecessary paperwork and saves time.
